

Child baseline interview

Interviewer documentation

Date:

Address:

Parent response first name:

Interviewer ID (Initials+last two number of birth year (e.g. JG89)):

Apartment (household) ID:

Participant ID:

Participant's child ID:

Participant child's first name:

[Use the child's first name when '____' appears in the questions, in the self-administered version '____' is replaced with 'child(s)']

["The questions in this study are about very general information on your child, which might be important to understand when we study asthma, allergies and infections. The interview

consists of a total of 10 questions and takes about 5-15 minutes. If you would like to find ____, or ____ would like to participate in the interview, they may do so.

As with the other questions, we will request a CPR number today, because it can give us the opportunity to study more things with your child's data, e.g. with data about number of times they have been in touch with their general practitioner, medicine from a pharmacy, or hospitalization. If you prefer that we do not do this, you can as with all other questions respond, 'I prefer not to respond'.

For all questions you have the option to respond 'Not relevant', 'I prefer not to respond', or 'Don't know'.

Do you have any questions before we get going with the interview about ____."]

BBU01. What is ____ CPR number?

000000-0000

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU02. Is ____ a girl or a boy?

☐ Girl

☐ Boy

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU03. How old is ____?

Choose an item.

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU04. Has ____ ever had asthma?

☐ No

☐ Yes

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU05. Was it a doctor who told you that ____ has asthma?

(Dependent on BBU05, skip if BBU04==0)

☐ No

☐ Yes

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU06. Has ____ ever had allergies?

☐ No

☐ Yes

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU07. Was it a doctor that told you that ____ has allergies?

(Dependent on BBU06, skip if BBU06==0)

☐ No

☐ Yes

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU08. Which type of allergies did the doctor tell you ____ has?

Specify which _____

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU09. Has ____ ever been hospitalized because of a respiratory tract infection (e.g. influenza, COVID-19, pneumonia, or similar)?

☐ Yes

☐ No

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

BBU10. Has ____ had wheezing or whistling in the chest within the last 12 months?

☐ Yes

☐No

☐Not relevant

☐I prefer not to respond

☐Don't know

BBU11. Has ____ been given any medicine for asthma within the last 12 months?

(Dependent on BBU04, skip if BBU04==0)

☐Yes

☐No

☐Not relevant

☐I prefer not to respond

☐Don't know

BBU12. Does ____ have any other chronic diseases or congenital diseases, other than asthma and allergies?

If yes, specify which_____

☐No

☐Not relevant

☐I prefer not to respond

☐Don't know

BBU13. Was ____ born far too early, too early, on time, or later than the expected delivery date

☐Far too early (in week 31 of pregnancy or before)

- ☐ Too early (between weeks 32 and 36 of pregnancy)
- ☐ On time (between weeks 37 and 40 of pregnancy)
- ☐ Later than the expected delivery date (in week 41 of pregnancy or later)

- ☐ Not relevant
- ☐ I prefer not to respond
- ☐ Don't know

BBU14. Was ___ born by caesarean section (operation)?

- ☐ No
- ☐ Yes

- ☐ Not relevant
- ☐ I prefer not to respond
- ☐ Don't know

BBU15. How often is ___ sick?

- ☐ Very rarely or never
- ☐ Rarely
- ☐ Once in a while
- ☐ Quite often
- ☐ Very often, or all the time

- ☐ Not relevant
- ☐ I prefer not to respond
- ☐ Don't know

BBU16. Has ____ been vaccinated with all the vaccinations they have been offered?

☐ Yes

☐ No, only some

☐ No, none

☐ Not relevant

☐ I prefer not to respond

☐ Don't know

["That was all the questions about _____. Thank you for your responses."]
